M eet your driver at 8:15am at the Parking Achille Lauro, in Via Correale 25, Sorrento and transfer to the port of Piano di Sorrento. During the boat ride from Sorrento along the Gulf of Naples, you will see in the distance the small island of Nisida, the Phlegraean Fields, up to Capo Miseno, the extreme point of the Phlegrean peninsula. Upon arrival in Ischia, we will start the tour from the Maronti beach, the longest on the island (almost 3 km); then we will stop at the Green Cave, an incredible natural cave carved into the rock, inside which the light, reflecting into the water, creates a play of colors and shades of green. Right here we will stop to swim and snorkel, before heading to the Aragonese Castle, the symbol of the island in the world: a majestic fortress that stands on a huge rock, connected to the East side of the island by a bridge of 220 meters. We will, then, stop at the port of Ischia

for 3 or 4 hours of free time, where you can explore the island on your own, maybe on board of one of the iconic microtaxi (three-wheeled Apecar), a fun and unique way of touring Ischia and discover the main points of interest. Finally, we will leave Procida and return to Sorrento, with the final limoncello tasting. Upon return to the port of Piano di Sorrento, the driver will take you back to your hotel or to the meeting point.

We will leave from Sorrento and head to Meta passing through the small towns of Sant'Agnello and Piano di Sorrento. In Meta we will do the first difficult phase of the tour: a 5km uphill road with a slope of 4-5% until the hamlet of Colli di San Pietro, then we will go downwards until the start of Highway 16 towards Amalfi. Then we will bike along the curvy roads of the Amalfi Coast passing through the famous towns of Praiano and Positano until reaching the Amalfi Cathedral. Along the way, for about 2-3 km, we will find alternating down and uphill roads, with slopes of 4-5%. For 20 km we will bike along the Amalfi Coast overlooking the Gulf of Salerno. Once we have arrived in Amalfi, we will briefly stop to rest and admire this charming town. We will then go back to Sorrento biking along the same way. The bike tour will end in Sorrento after having covered approximately 60 km. Should the guest stay in the Amalfi Coast, the tour will depart from the Amalfi Coast and the itinerary will change accordingly.

The Mt Vesuvius bike tour is conceived for nature and adventure lovers and will let us discover the peculiar charm of the sleeping giant as we call it. We will reach Mt Vesuvius valley by van: the tour will start from there. We will bike along the tracks immersed in the flourishing and peculiar nature of Mt Vesuvius, in a charming atmosphere enjoying amazing views of the valley downhill. As we will get closer to the mountaintop, vegetation will be more and sparser until the barren mountaintop. The atmosphere is unparalleled: we will feel as if we were in a fantasy novel. Left the bicycles, we will walk to the crater: the view on the plain below will be breathtaking. We will walk around the crater and learn more about Mt Vesuvius geology, nature, and its role in history and in the life of people living in the area. After the visit, we will go back to the departure point by van.
