## Ischia & Procida boat tour

**M**eeet your driver at 8:15am at the Parking Achille Lauro, in Via Correale 25, Sorrento and transfer to the port of Piano di Sorrento. During the boat ride from Sorrento along the Gulf of Naples, you will see in the distance the small island of Nisida, the Phlegraean Fields, up to Capo Miseno, the extreme point of the Phlegrean peninsula. Upon arrival in Ischia, we will start the tour from the Maronti beach, the longest on the island (almost 3 km); then we will stop at the Green Cave, an incredible natural cave carved into the rock, inside which the light, reflecting into the water, creates a play of colors and shades of green. Right here we will stop to swim and snorkel, before heading to the Aragonese Castle, the symbol of the island in the world: a majestic fortress that stands on a huge rock, connected to the East side of the island by a bridge of 220 meters. We will, then, stop at the port of Ischia

for 3 or 4 hours of free time, where you can explore the island on your own, maybe on board of one of the iconic microtaxi (three-wheeled Apecar), a fun and unique way of touring Ischia and discover the main points of interest. The tour continues towards Procida. We will stop for a swim in one of the many bays along the coast. In Procida, you will have 1.5 hours of free time to visit the island by land in total autonomy. Finally, we will leave Procida and return to Sorrento, with the final limoncello tasting. Like the nearby Pompeii, the ancient Herculaneum suffered a similar fate at the hands of Vesuvius erupting in 79 AD. Fortunately, archaeologists have managed to excavate parts of the city, and this half-day tour will show you what they've managed to unearth so far. Fossilised in time by the volcanic rock that tragically buried the city, wandering around the archaeological site of Herculaneum it is just like stepping through an open-air

history book. This bite-size tour will take you to and from the site in just one morning, with enough time to explore the historical relics on a guided walk. You'll even see preserved pieces of furniture, upper wooden floors of houses, mosaics on the floor and sculptures as you take a peek around the houses and streets. All this has made it a UNESCO World Heritage Site, and provides you with an unrivalled insight into life of the ancient Romans.
